

Structural Square Brine Tanks

for Residential and Commercial Applications

Available in blue, black, almond, white and platinum, Structural's square brine tanks offer attractive styling in a heavy-duty design. Durable and trouble-free, FDA-approved materials and quality production technology guarantee years of customer satisfaction. Tanks come in different sizes with blow-molded lid, or assembled with salt grid, brine well and cap, overflow fitting and safety brine valve assembly.

Benefits

- Attractive styling
- Heavy-duty design
- Blow molded from FDA-approved materials
- Rigid, high-impact, non-toxic polyethylene
- Exceptional resistance to stress cracks
- Provides years of trouble-free service
- Designed to reduce salt bridging
- Optional molded salt grid for uniform brining
- Can be shipped with other water treatment components to reduce total shipping costs
- Shipped in a durable re-shipper carton
